

We currently have on offer a challenging career opportunity for a dynamic aspiring individual in the conservancy industry to assume the role of the Chief Executive Officer.

We are looking for a self-motivated, open-minded and results driven leader. You ideally display an enterprising disposition, coupled with sound business acumen and a pragmatic leadership style, attuned to leading and empowering in challenging settings. The candidate will be the first appointee of the organisation and must be excited to embrace the challenge by developing an excellent team as well as building strong relationships and being comfortable to interact with high level representatives of government, donor and private institutions. You must be financially astute and be strong on rural pro-poor socio-economic development. The candidate will be motivated by overseeing a sustainable strategy, to raise, manage and disburse funding, and provide long, medium and short-term goals.

A Post graduate degree in Business Management, Finance, Law, Economics, Natural Resource Management or Social Sciences, at least ten years' experience including at least five years in a senior management position, with a solid understanding of corporate governance and a record accomplishment in business, economic development and/or natural resource management. A Namibian with a strong capacity for developing a vision and strategy for an organisation and experience with implementation of organisational strategy and action plans. Displays exceptional written and verbal and interpersonal effectiveness capability. Embraces volatile business dilemmas and environment. Knowledge of foundations, development and/or conservation organisations and/or Conservation Trust Funds will be very advantageous. Kindly forward a motivation letter and CV to zayanih@potentia.com.na for attention Ms Zayanih Dennis by Friday 8, December 2017.
