

We have an exciting career opportunity in the Public Health Services industry to fill the role of a:

Pharmacist Assistant (Khomas and Ohangwena Region)

Our client is looking for an organised and methodical problem solver who is keen to take on a challenge. You will be responsible for supporting ART Management at district, regional and facility level, ensure availability of ARV's and other pharmaceutical commodities in the region and on district level. You will liaise with district and regional pharmacists on commodity and logistics management. The position offers an exciting career for professionals in the pharmaceutical industry.

A diploma/relevant qualification in Pharmacy Science and a valid registration with the Health Professions council of Namibia, coupled with at least 1 years' experience, working as a Pharmacist Assistant in the HIV sector will be an added advantage. Demonstrated background knowledge of the Electronic Dispensing Tool and knowledge of how to maintain proper storage and security conditions for all inventory is essential for this position. In addition, you should be self-motivated, take pride in your work, be passionate and willing to keep up to date with current trends and developments in the Pharmaceutical industry. Kindly forward your motivation letter and CV to Tangi@potentia.com.na by Tuesday, 21 August 2018.
