

The Organisation

Our client is a donor funded organization and development partner in Namibia that works closely with the Ministry of Health and Social Services' (MoHSS) Directorate of Special Programmes (DSP). They promote activities that increase human capacity for providing HIV/AIDS clinical care and support and assist with the development of health care worker systems that are locally-determined, optimally resourced, highly responsive and self-sustaining in countries and regions hardest hit by the AIDS epidemic. In partnership with the MoHSS, staff are deployed at hospitals and health facilities across the country to form part of a coordinated effort. They now seek to appoint appropriately qualified and experienced candidates to fill the following positions:

NURSE TRAINER IN CERVICAL CANCER SCREENING AND PREVENTION x4 **(Zambezi, Kavango, Ohangwena and Khomas)** **Fixed-Term Contract**

The Position

The successful candidates will assist in the scale-up of cervical cancer screening through VIA, cryotherapy and thermocoagulation. Train healthcare providers and provide supportive supervision.

Key areas of focus

- Performing site assessment visits to assist in the establishment of VIA clinic.
- Participate in VIAC training of health care workers.
- Ensure training sites are set up before VIA training.
- Conduct supportive supervisory and follow-up visits to trained nurses to ensure that they perform VIAC according to national standards.
- Assist the Regional Health District to scale up cervical cancer especially amongst HIV positive patients.
- Develop, maintain and implement a systematic approach for patient recruitment for VIA.
- Implementing improved cervical cancer screening through offering, Visual Inspection using Acetic Acid (VIA) and conduct cryotherapy or thermocoagulation treatment.
- Refer patients and follow up those suspicious of cancer or unsuitable for treatment at the clinic.
- Ensure patients and follow are effectively linked to HIV testing and treatment services.
- Make appropriate follow-up using an approved case management SOP.
- Liaise with team at site to ensure proper documentation of data on CECAP.
- Keep appropriate documentation of all activities, meeting and referrals.
- Collect, collate and organise CCs data for monthly and quarterly reports.
- Report any adverse event to the supervisor immediately and process documentation of such event to the relevant office.
- Order and maintain an appropriate level of equipment, stationary and supplies at all time.
- Ensure high standards infection control in VIA clinics.
- Implement a quality improvement approach to CCs and document all related activities.
- Liaise with other MoHSS implementing partners.
- Ensure timely sharing of VIA data, and summary reports of activities undertaken.
- Willingness to travel to clinics and hospitals throughout Namibia.
- Ad hoc duties as required by the program.

The Person

Minimum requirements

- A Bachelors' degree in General Nursing.
- 5 years' experience in general nursing.
- Experience in VIAC is an added advantage however training will be provided if required.
- Registered with the Health Professions Council of Namibia.
- Adequate knowledge on monitoring and evaluation
- Adequate knowledge on HIV Prevention and Management
- Excellent interpersonal skills.
- Demonstrated professionalism, diplomacy and tact in collaborating with diverse stakeholders.
- Excellent written and oral communication skills in English. Any other language will be an advantage.
