

### The Organisation

Our client is a donor-funded organisation and partner in development in Namibia working closely with the Ministry of Health and Social Services' (MoHSS) Directorate of Special Programmes (DSP). Their goals are to implement evidence-based, responsive programs to expand access to HIV prevention and testing, strengthen Namibian health systems, harness the private sector, and help the government make sustainable decisions. They are dedicated to assist Namibia to reach its' goal of 80 percent Voluntary Medical Male Circumcision (VMMC) coverage as part of a national strategy to control the HIV epidemic, and the team will provide a comprehensive VMMC service package tailored to the unique characteristics and challenges of each targeted region.

### The Regions

Otjzondjupa region | Otjiwarongo District Hospital x2  
Ohangwena region | Engela District Hospital

### The Positions

The VMMC Enrolled Nurse will assist the Registered Nurses in performing Voluntary Male Medical Circumcision procedures, client counselling, and HIV testing and quality assurance within both fixed and mobile outreach services.

#### Key focus areas:

- Assist the clinical team during procedures using the MOVE model.
- Prepare theatres to ensure that they are always ready for operations.
- Assist with outreach planning and demand creation activities.
- Assist in cleaning and applying dressings to clients after the procedure.
- Assist in the cleaning and disposal of medical waste.
- Conduct post-operative observations.
- Monitor stock levels and supplies in theatre and ensure replenishment thereof.
- Ensure equipment is well functioning.
- Ensure that clients' information is properly and accurately recorded and reported.
- Assist in the managing and tracking of referral of HIV, STI and other related cases.
- Perform any other duties as required.

### The People

#### Minimum requirements:

- An Enrolled Nursing Certificate.
- Proof of Registration with Namibia Nursing Council.
- 3 years' experience as an Enrolled Nurse in an NGO/community clinic or hospital setting.
- 3 years' experience in VMMC service delivery.
- Ability to communicate fluently in English and fluency at least in one local language.
- Excellent client service skills and ensuring that clients feel appreciated and respected
- Should have strong organisational skills.
- Ability to work under pressure without compromising quality and integrity.
- HIV Counselling and Testing certification is required.
- Good general knowledge of HIV/AIDS.
- Must be able to work in a team.
